 LISTENING 	 INVENTING 	 PERFORMING 
<p>Listen to (and watch) as many of your favourite songs and pieces of music.</p>	<p>Make your own music. If you already have a Music Instrument at home, invent a piece of music to play to others.</p>	<p>Sing along with your favourite pieces of music. You could entertain your family by singing some songs for them.</p>
<p>Use music you already have at home on CP/MP3 or find something new on YouTube, Spotify or ask Alexa.</p>	<p>If you don't have your own instrument, why don't you make one? Some ideas can be found here. https://feltmagnet.com/crafts/Music-Instruments-for-Kids-to-Make</p>	<p>If you have a musical instrument at home, or if you have made your own, why not put on a Concert for your family?</p>
<p>Listen to music from other countries and cultures such as- Brazilian Samba Steel Pan music from the Caribbean Japanese Taiko Drumming Don't forget something Scottish!</p>	<p>If you have a tablet or a computer- Try painting some music. Lines, Circles, Squares and Triangles work best. Experiment. https://musiclab.chromeexperiments.com/Kandinsky/</p>	<p>Play along to a piece of music you know using your Music Instrument. Try to keep a steady beat.</p>
<p>Find a "live" performance or Concert to watch where you can see the musicians playing their instruments.</p>

 LISTENING 	 INVENTING 	 PERFORMING 
<p>Listen to (and watch) as many of your favourite songs and pieces of music.</p>	<p>Make your own music. If you already have a Music Instrument at home, invent a piece of music to play to others.</p>	<p>Sing along with your favourite pieces of music. You could entertain your family by singing some songs for them.</p>
<p>Use music you already have at home on CP/MP3 or find something new on YouTube, Spotify or ask Alexa. Listen something in a different style such as- Gospel Classical</p>	<p>If you don't have your own instrument, why don't you make one? Some ideas can be found here. https://feltmagnet.com/crafts/Music-Instruments-for-Kids-to-Make</p>	<p>If you have a musical instrument at home, or if you have made your own, why not put on a Concert for your family?</p>
<p>Listen to music from other countries and cultures such as- Chinese Traditional Folk Music African Drumming Baka Women Yodellers of the Rainforest Don't forget something Scottish!</p>	<p>If you have a tablet or a computer- Try a Rainbow. This uses the same colours we use in school. Experiment with an 8 note melody. https://musiclab.chromeexperiments.com/Melody-Maker/</p>	<p>Play along to a piece of music you know using your Music Instrument. Try to keep a steady beat. Add in extra rhythmic patterns that we have used in school.</p> 
<p>Find a "live" performance or Concert to watch where you can see the musicians playing their instruments.</p>	<p>Once you have remembered the scale try the next stage up and invent a more complex piece. You can add a simple beat too. This programme allows you to layer your notes to create harmony. https://musiclab.chromeexperiments.com/Song-Maker/</p>	<p>If you have a keyboard or piano or other instrument you could try to play along with a song or a piece of music you already know. Try a "Virtual" keyboard if you have access to a tablet or computer. https://virtualpiano.net/</p>
