

Mrs Campbell's Artwork of the Week-11

Activity Week

I hope you have enjoyed learning about different artists and their work over this term. This week is the last week of term, so I have gathered up a few of my favourite art games and activities for you to try.

Desktop Games (some require flash)

Design Challenge

Mrs Campbell's favourite shoes are her "Van Gogh" Vans. Their design is inspired by the letters and drawings the artist Van Gogh sent to his brother Theo. Can you design a pair of shoes based on the artwork we have looked at over this term? They could be based on one artist or several of your favourites.

Holiday Challenge

Why not set yourself this **Creativity Challenge**?

The aim is to try and complete a row or a column each week, then keep going to try to complete a full house-**BINGO!**, before the holidays are over.

Make a drawing of someone you love	Build a sculpture out of sand	Paint on something that isn't paper	Design an ultimate ice cream sundae	Make something you can wear
Draw something using two hands at once	Make a robot from recycled materials	Cut something up to make a collage	Make art with someone else	Make a flip book
Make a sculpture using tinfoil	Draw a comic strip	Create something with your eyes closed	Make a piece of art using food	Draw the creature from Planet Zog
Create a piece of art using your feet	Draw a new cover for your favourite book	Design an outfit for a dog	Create crayon rubbings using textures you find outside	create a picture using only Primary Colours
Draw your own superhero	Design a new crown for the Queen	Make your own paint	Make art outside	Make a poster about your favourite artist

Have a lovely holiday. I'll hopefully see you again in August.
