A Surprise at the Beach

Use the words, phrases and sentence openers in the box to write a short story.

The story is set at the beach. You and your friends find a cave in the cliffs. Inside is a big shadow that you are afraid of but it turns out to be a little mouse. You go home before the tide comes in.

It is a good idea to colour code the words and phrases before you start, deciding which sentences will be in the introduction, build-up, problem, resolution and ending.

In the distance...

nervously

Deep inside the cave...

dark, creepy shadow

beautiful, bright sunshine

crept

the tide was drawing in quickly

we giggled at each other

terrifying

When we arrived at the beach we...

brightly

gentle, lapping waves

We hid quietly in...

we were very afraid

huge

After a nice day we went...

a tiny mouse

happily

The Discovery of Easter Island!

Posted 5th April 1722, 9:58pm

Today was the best day of my life! I have never felt so happy and excited. I have discovered an island!

As you may have read in my last blog, we left the Juan Fernández Islands on 17th March. The plan was to keep looking for Terra Australis.

Today, just as we were wishing each other a happy Easter, we saw land! I told the crew to steer towards it. We couldn't believe our eyes!

The island has 800 or 900 of these huge, stone statues. We think they must be about 30 feet tall!

We sailed around the small island and it is in the shape of a triangle.

When we got onto the land, we started to explore. There are about 3,000 people living here altogether.

As it is Easter Sunday today, it was very easy naming this beautiful place. Welcome to Easter Island everybody!

We are hoping to spend a week here to learn more about this amazing island. Keep posted for more information soon!
